

PP Woven Weed Control Fabric / Ground Covers

PP Woven made on Wide Width Sulzer Looms (Max Width : 5.2 mtrs i.e. 17 feet) from 85 gsm to 120 gsm (2.5 - 4 oz/ sq yd) in black colour with UV treated in jumbo rolls as well as retail packs with 4 colour printed labels

Suppress weed growth while allowing air, water and nutrients to pass through to the plants. Excellent for short and long-term landscapes, annual or container gardens. Keep weeds under control saving you both time and money.

- Fabric is manufactured from UV-resistant, black polypropylene that has a long life expectancy.
- Marked every 12" for easy plant alignment, measuring and cutting.
- Safely eliminate weeds while enhancing plant growth.
- Conserve soil moisture and promote healthy plant growth by eliminating competing weeds.
- Allows for the proper balance of air, water and nutrient exchange.
- Ground cover performs four significant functions: weed restriction, soil separation, reinforcement and filtration.
- Ideal for all residential and commercial applications.
- Easy installation. Conforms to the ground or trench surface and does not unravel when cut.
